

## Erratum. Match Running Performance in Australian Football Is Related to Muscle Fiber Typology

TO OUR READERS: An error appeared in the ahead-of-print version of the following article:

Hopwood HJ, Bellinger PM, Compton HR, Bourne MN, Derave W, Lievens E, Kennedy B, Minahan CL. Match Running Performance in Australian Football Is Related to Muscle Fiber Typology. *Int J Sports Physiol Perform*. Published online October 10, 2023. <https://doi.org/10.1123/ijsp.2023-0014>

In the Results section of the abstract, the beginning of the second sentence read as follows: “A greater estimated proportion of type I fibers (ie, higher CAZ score) was associated with a larger accumulation of HSR.” “Higher CAZ score” should have been “lower CAZ score.” The article was corrected October 17, 2023. The authors apologize for the error.
