

Listserv

General Instructions for coach-educator@DU.edu

Coach-educator is the official listserv of the International Sport Coaching Journal (ISCJ), which is associated with the International Council for Coaching Excellence (ICCE). Listserv access is limited to authors and reviewers of ISCJ and researchers who have membership with the ICCE. Coach-educator listserv membership consists of hundreds of members from around the world.

Appropriate postings and topics of discussion include: requests or announcements related to research, teaching, jobs/posts, conferences, publications, grants or funding, awards and recognitions, professional development, and official ISCJ/ICCE business, such as committee or award announcements.

Coach-educator listserv is unmoderated, however, our netiquette requires that all postings be signed. Anonymous posters will be contacted by the Coach-educator listserv manager and reminded of this policy; repeat offenders will be removed from the listserv.

How do I subscribe, unsubscribe, or manage my Coach-educator listserv settings?

Subscriptions to Coach-educator listserv are updated twice per year as new authors and reviewers are added to the ISCJ editorial system. Alternatively, if you are an author or reviewer for ISCJ or a research member of ICCE and want to subscribe to the listserv, you can send an email to coach-educator-subscribe-request@du.edu. The subject line and body of the email can be left blank.

To unsubscribe, send an email from your registered email address to COACH-EDUCATOR-signoff-request@LIST.DU.EDU. If you want to unsubscribe an email address that you no longer have access to (such as an email address with a previous employer), contact the Coach-educator listserv manager.

Unfortunately, there is no way for people external to the University of Denver (DU) to manage their settings or access the archives, subscription page, and any URL starting with list.edu.edu. The security settings require being on-campus or having VPN access, which is prohibited without being a member of the DU community. Therefore, while you will receive an email stating that you can log in and view or change your subscription settings, you cannot. The default settings will be used, you will receive posts to the listserv as they are sent, and a “digest” format is not possible.

Frequently Asked Questions:

I am no longer able to post a message to a mailing list that I have previously used, what happened?

There are three common reasons why a subscriber can no longer post a message:

1. The subscriber is no longer sending email to coach-educator listserv from the email address that was registered, so the posting to coach-educator listserv is being rejected. If you are having your email forwarded to a non-subscribed email address, this may be the problem. To fix this, you need to register the email address you want subscribed to coach-educator listserv.
2. You are posting to the incorrect coach-educator listserv email address. You must post to coach-educator@DU.edu and not anything else. Check to confirm you are posting to coach-educator@DU.edu.
3. Your email address has been removed from coach educator listserv for violating netiquette or the listserv manager has modified the settings.

Coach-educator listserv Manager

The coach-educator listserv is managed by Dr. Brian Gearity, through the University of Denver. If you encounter any problems, have questions or suggestions, please contact him at brian.gearity@du.edu.
